

## CORONAVIRUS UPDATE

03.12.2020

NEVADA MUSEUM OF ART REMAINS OPEN, IMPLEMENTING EXTRA MEASURES TO PROTECT THE HEALTH OF OUR GUESTS.

The safety and well-being of our guests and staff are the highest priority of the Nevada Museum of Art. As such, we want to ensure everyone that we are closely monitoring the coronavirus (COVID-19) in Nevada and elsewhere, following the recommendations from the Centers for Disease Control (CDC), the World Health Organization (WHO), and state and local government agencies to stay on top of this evolving situation.

## PROGRAM UPDATE

The Museum prides itself on being an urban gathering place. During this unsettling time, we are implementing extra measures to continue our operations with minimal interruptions:

- The Museum and chez louie are open and will maintain regular admission hours.
- Tomorrow's Senior Art Afternoon is canceled.
- The Members' Preview scheduled for tomorrow will proceed as planned. However, out of an abundance of caution, chez louie will not offer food service during the party. Beverage service will be in full operation.
- The Estelle J. Kelsey Hands ON! Second Saturday event planned for this weekend will proceed as amended:
  - FREE admission will continue all day, with full gallery access.
  - All interactive, hands-on artmaking activities will be suspended.
  - Art Investigators will be suspended.
  - All performances and storytelling activities will continue as planned, in the theater.
- As of now, all programs currently scheduled for the week of March 16 and beyond will proceed as planned, including Spring Break Art Camps, Museum School classes, and public and private tours.
- If you are feeling ill, we kindly ask that you refrain from visiting the Museum during this time.
- Any changes and updates to programs or hours will be announced by email, on our website, and through social media (@nevadaart).

## OPERATIONS UPDATE

Our facilities team is taking extra measures, including:

- Added labor resources to double the cleaning and disinfecting of high-touch, high-traffic areas using a virucide.
- Visitor Service staff is using sanitizing wipes and cleansers at the admissions desk and other service counters.
- We have added signage throughout the building to remind guests to practice healthy habits.

We will provide updates as we get any revised guidance from public health officials.
