ELISHEVA BIERNOFF: Reservoirs of Time

October 21, 2023 to April 21, 2024

NEVADA MUSEUM OF
ART

This exhibition features the small-format paintings of San Francisco-based artist Elisheva Biernoff, which are inspired by enigmatic photographs she encounters and collects. The photographs she gravitates towards are outtakes—photographs with double exposures, light leaks, odd cropping, and other errors. In rendering them in great detail, at the same scale as the original photographs, she explores the role of mischance, and reflects on the anonymous traces of lives and places that are for the most part unknown to her.
